CHRISTIAN COLLEGE

ANNUAL REPORT

2013

Correct @ March 2014

FAITH DILIGENCE LOVE

School sector:

Independent

School's address:

7-13 Kiel Mountain Road, Woombye

Total enrolments:

823 at census February 2014

Year levels offered:

Pre-prep to Year12

Co-educational or single sex:

Co-educational

Characteristics of the student body:

Our school population is drawn from families who desire or value a Christian Education, which values academic excellence and pathways for those more suited to vocational education, as well as desiring a strong values base. The catchment of the College is widespread, therefore, necessitating a fleet of buses that transport students from all over the Sunshine Coast.

Distinctive curriculum offerings:

Because Suncoast Christian College recognises the diversity of its population and that students are unique and, therefore, have different needs, a "smorgasbord" of opportunities exists. Our extensive curriculum offers a rich selection of academic subjects, as well as a wide range of vocational offerings.

We are committed to providing multiple pathways to future study and career possibilities and invite students to develop their interests and giftings through real and relevant experiences.

Some features that distinguish us as a College which considers the development of the whole child are

- A Christ-centred Curriculum that embeds a set of college-developed "aims of Christ-Centred curriculum", includes daily devotions and weekly Chapel services and Christian Studies lessons.
- A Learning Support unit that caters for students from Years 1 to 12 with an emphasis on early intervention in a caring and supportive environment.
- A Special Education Unit catering for students who require greater support and assistance in the form of modified programs and immersion in main stream lessons.
- Dance is offered as an elective in Years 7 to 10, and as an Authority (OP) subject in the Senior Years.
- Vocational pathways through Certificate I and II courses in Furnishings and Manufacturing, Business, Hospitality, Christian Ministries and School-Based traineeships.
- A Certificate III in Music (in conjunction with Cooloola Institute of TAFE).
- Specialist Art lessons for students in Years 4-6
- Carefully planned camps in every year level that are aimed at providing students with adventure, learning and personal development.
- Parent and caring adult training in tutoring and mentoring e.g. Support-A-Reader.
- Career education aimed at ensuring a smooth transition from school to tertiary studies or the workplace.

- Extensive sporting and cultural programs.

Extra-curricular activities:

Sporting Program

During the year, both the Primary and Secondary Schools were involved in the SCISSA (Sunshine Coast Independent Schools Sports Association). The College has its own Netball Club competing in the SCNA competition and Equestrian Club. Academies in Tennis and Soccer are offered. Athletics, Cross country and Swimming carnivals were held and all students from Years Prep - 10 were engaged in Physical Education classes. Rugby, Touch, Oztag, Football, Basketball and Netball teams also competed in external competitions. These opportunities met the Federal Government requirement of at least two hours physical activity per week while encouraging our students to keep physically active and adopt healthy lifestyles.

Cultural Program

The Arts Department produced a very successful production, "Peter Pan", provided many performances for Arts on Twilight – Suncoast Cultural Festival, Cert III Music Retro Concert, and numerous performance items for Primary and Secondary Assemblies, Grandparents' Day, Senior Citizen's Appreciation Concert, the Easter Service, as well as for Celebration and Presentation Nights. Students also performed at the One Act Festival and the Sunshine Coast Eisteddfod.

The social climate of the school:

Suncoast Christian College exists to provide Christ-centred education that promotes life-long learning, develops excellence and Christian character, and fosters social responsibility.

All teaching and activities undertaken during have been developed from the College's Christian world view which is supported by our Christian Studies Curriculum; Chapel activities; the covering of Suncoast Christian Church, headed by Senior Pastor, School Chaplains, and Life Coach.

Parental involvement:

As the partnership between the College and home is of paramount importance in attaining the best possible outcomes for our students across academic, physical and spiritual life, we continued to actively promote open channels of communication. This involved communication in student diaries, the provision of teachers' email addresses and the publication of the Secondary School student assessment calendar on *Moodle*.

The Strategic Plan 2011 – 2015 is in its second year and reported on at Senior Years Presentation Night.

Suncoast e-news is produced and emailed fortnightly. This publication keeps families abreast of what was happening in College life.

The College's Calendar iPhone and Android App provides push notifications of announcements as well as letters and home communications

Our *Moodle* intranet site provided both parents and students with ideal opportunities to interact in learning through access to resources, program and assessment tasks of their children's courses.

The Parent Handbook provided pertinent information in one publication for ease of referencing throughout the College year.

Valued Volunteers Program

Approximately 100 people indicated that they wished to be a part of our Valued Volunteers program during the year. This was a reduction in the previous year; likely due to the increase in parental full time employment. Although the vast majority of volunteers were parents of students, they also included a small number of grandparents and other persons not directly connected to the College body. Volunteers were asked to nominate any areas of interest from the following: Manual Arts, covering library books, sewing/mending, in-class assistance, computing, cleaning, Support-A-Reader, Support-A-Writer, Support-A-Maths, administration work, gardening, College Café, building maintenance, Library, Festival, Home Economics and class Parent Reps, as well as nominating their availability of days. This database allowed ease of locating volunteers to meet specific needs as required.

Many hundreds of hours were volunteered, with assistance in classrooms being the most prevalent. Many volunteers also assisted with Arts on Twilight – Suncoast Cultural Festival swimming lessons, Support-A-Reader, the Perceptual Motor Program and special class excursions.

A Valued Volunteer afternoon tea was held to honour the valuable contributions of our volunteer body. Our Volunteer Coordinator also organised small thank you gifts and communications of appreciation throughout the year.

Parent Reps

Parent Reps continued to assist in maintaining strong links between the College and families. They were instrumental in supporting Arts on Twilight and acting as a liaison between parents. They welcomed many new students to the College and many hosted morning and afternoon teas and other events as an opportunity for parents to get together and establish links with each other.

Parent Reps were involved in

- supporting their child's teacher;
- acting as the link between teacher and parents;
- coordinating social activities for their classes' parents/families;
- assisting in gathering volunteers for activities such as excursions, Arts on Twilight and carnivals; and
- being part of the induction process for new families.

Seminars

A Support-A-Reader Seminar was conducted in Term 1. Participants trained in the strategies to support reading and learnt about the skills required to learn to read. Some of those who trained offered their services to support children from Year 2 - 6 in the Support-A-Reader program.

A Cyber awareness night for all Year 7 parents was held prior to Year 7s receiving their laptops. A successful parent Seminar was conducted in February in relation to cyber-safety, the new filtering software and cyber-safety and parenting in the digital age.

Parents and Friends Association

The P&F Association chiefly operates to facilitate opportunities for parents and friends of the College to do that something extra and be involved in enriching the College Community.

While many will be aware of the fund raising activities of the P&F, monthly meetings also provide an opportunity for information on future developments and educational initiatives within the College to be shared with the parent body. Monthly meetings are held in the Taylor Centre every second Monday of the month during the day time at 1:30pm.

Once again we have had a great group of Parent Representatives. They meet monthly, usually after drop-off or before pickup, these gatherings providing an opportunity to share information and ideas.

Of course the Parent Representatives are to be especially thanked for the role they played in coordinating class stalls for our Arts on Twilight Festival.

Fundraising opportunities this year included the Entertainment Book, Father's Day and Mother's Day Stalls and of course the Festival which is the main fundraiser for the year. An alliance with the Heritage Bank, has proved to be a successful, with money donated through commissions. P&F fundraising is directed to enhancing facilities of the College. There are numerous fundraising events throughout the year which do not raise funds for the College but rather are for outside groups or causes. While these events are required to be endorsed by the P&F, they are neither instigated nor run by the P&F.

Parent, teacher and student satisfaction with the College

The College has continued to develop ongoing mechanisms for monitoring and evaluating parental satisfaction. Feedback was monitored through student diary communication, emails, letters, phone calls, new student feedback questionnaires and comments during parent teacher interviews. Departure surveys also proved to be an accurate gauge.

A survey is always conducted with new families approximately 6 weeks after enrolment has commenced.

Student satisfaction surveys were conducted by all teachers in the Secondary College during Term 4. The results will be used to inform continuous improvement strategies in the College.

The following are the results obtained from the Parent Satisfaction Survey conducted by the College in Term 1 2013

The 22 questions used were the same as those used on 2010 so that any changes could be detected and analysed.

In total, 264 responses were received. Of greatest affirmation were that 100% of respondents identified their child's teachers as being caring and taking a genuine interest in their well-being and education and that 98% felt that their child was happy in her/his schooling.

Overall, the results are a very strong affirmation of our values and programs and are invaluable in identifying areas for development.

NAPLAN RESULTS FOR YEARS 3, 5, 7 AND 9 FROM 2008 TO 2013

Our results for NAPLAN across the College are outstanding. Suncoast students performed above both State and National averages in all tests at all year levels. The results are a credit to the P-9 teachers and learning support staff who have worked tirelessly with our students to impart literacy and numeracy skills. It is also a tribute to the hard work and dedication to learning of our students.

Queensland Year 12 Post School Destinations (Next Step Survey) published in July 2014

This report is based on the findings of the Queensland Government *Next Step* survey, which targeted all students who completed Year 12 and gained a Senior Statement in 2013, whether they attended a Government, Catholic or independent school, or a TAFE secondary college. The Office of the Government Statistician conducted the survey approximately six months after the young people left school. Responses were predominantly collected via computer-assisted telephone interviewing with a paper-based survey collected from a small number of students for whom telephone details were not available. The statewide and regional reports of the *Next Step* survey can be located at the *Next Step* website at www.education.qld.gov.au/nextstep
